

## **NatCA IN PARTNERSHIP WITH ANTI-CORRUPTION COMMISSION ON CRAFTING THE NATIONAL ANTICORRUPTION STRATEGY (2024-2028)**

The Senior Management of National Communications Authority-NatCA played host to a team of experts to discuss the National Anti-Corruption Strategy (2024-2028). The discussions were focused on crafting/developing the new generation of Anti- Corruption Strategy (2024-2028).

The 2019-2023 Anti-Corruption Strategy (4<sup>th</sup> Generation Strategy) has elapsed and the need to develop a new set of strategy cannot be over emphasized.

The implementation of the 4<sup>th</sup> Anti-Corruption Strategy recorded an impressive performance as NatCA stood out tall in addressing the key corruption measures assigned to it in the National Anti-Corruption Strategy (NACS) implementation Action Plan.

Developing the 5<sup>th</sup> Generation Anti-Corruption Strategy will work on similar lines to enable parties to undertake effective measures to prevent corruption, criminalize corrupt acts and ensure effective law enforcement.

The Director of Internal Audit and Risk Management (DIARM) at NatCA led in the discussions, which were very participatory.
